CHILDREN'S SERVICES

Independence Activity Group for Disabled Young People

Core Assets Children's Services, a leading provider of services to children and families, are working in partnership with Halton Borough Council to offer exciting FREE activity group for children with disabilities aged 13 – 18 years.

Young people will get the chance to experience a wide range of AQA recognised activities in a safe and stimulating environment. These activities are designed to: develop general life skills, assist their transition to independence and empower young people to take greater control in their lives. Young people will also be able to build up their employability skills and gain AQA recognised skills.

We cater for young people with a range of disabilities and additional needs, including those with medical and/or personal care needs.

WIDNES

Mondays starting 1st February 2016

4:30-7pm

AT

Upton Community Centre, Hough Green Rd, Widnes, Cheshire WA8 4PF
